The top countries of suppliers are Vietnam, China, and Philippines, from which the percentage of two stroke engine supply is 1%, 96%, and 1% respectively.

two stroke engine, two stroke engine Suppliers and ...

A two-stroke (or two-cycle) engine is a type of internal combustion engine that completes a power cycle with two strokes (up and down movements) of the piston during only one crankshaft revolution. This is in contrast to a "four-stroke engine", which requires four strokes of the piston to complete a power cycle during two crankshaft revolutions.
