...

In the east, Islamic art's rejection of iconography led to emphasis on geometric patterns, calligraphy, and architecture. Further east, religion dominated artistic styles and forms too. India and Tibet saw emphasis on painted sculptures and dance, while religious painting borrowed many conventions from sculpture and tended to bright contrasting colors with emphasis on outlines.

Art - Wikipedia

A compound miter saw, also known as a chop saw is a stationary saw used for making precise cuts across the grain path of a board. These cuts can be at any chosen angle that the particular saw is capable of. A table saw is intended to make long precise
