linguistics. When speakers of different languages interact closely, it is typical for their languages to influence each other. Language contact can occur at language borders, between adstratum languages, or as the result of migration, with an intrusive language acting as either a superstratum or a substratum. Language contact occurs in a v

Definition and Examples of Language Contact

Contact between people speaking different languages can have a wide variety of outcomes. In some cases only a few words are borrowed; in others whole new languages may be formed. The results of such contact differ according to several factors,
