Beechcraft King Air Maintenance Manual

The Beechcraft King Air is a line of American Utility aircraft produced by Beechcraft.The King Air line comprises a number of twin-turboprop models that have been divided into two families.The Model 90 and 100 series developed in the 1960s are known as King Airs, while the later T-tail Model 200 and 300 series were originally marketed as Super King Airs, with the name "Super" being dropped by ...

Beechcraft King Air - Wikipedia

The King Air 260 turboprop standard ISSS ThrustSense Autothrottle system reduces pilot workload through all phases of flight and features protections for engine over-temp and over-torque scenarios. Now including digital pressurization controlled through the Flight Management System, cabin pressure manual control is a thing of the past.
