It sounds very scientific, sure. But—as Omri Kleinberger, the CEO and founder of the corporate meditation and yoga company Ometa in New York City, explains—mindful meditation simply enables us to better monitor our thoughts and, in doing so, regulate our emotional responses to them. "Imagine that instead of believing that you are your thoughts, you see yourself as an external observer of ...

Conscience also features prominently in Buddhism. In the Pali scriptures, for example, Buddha links the positive aspect of conscience to a pure heart and a calm, well-directed mind. It is regarded as a spiritual power, and one of the "Guardians of the World". The Buddha also associated conscience with compassion for those who must endure cravings and suffering in the world until right conduct ...
