Randakk's Cycle Shakk®

Although the factory bikes are often referred to as CR750 models, the CR750 was never sold as a complete motorcycle; it was only a kit of parts to be assembled on a CB750 donor bike. The factory racers were built by Honda's Racing Services Center (the predecessor of today's HRC) and officially designated "CB750 Racing Type."

I somehow got talked into doing a midnight motor swap and rebuild and the guy rebuilding the 4-bolt 350 did it on that motor. We swapped out the old 305 from his Nova into a Cutlass and dropped the 350 into the Nova. Picked up alot of knowledge in just a few hours from that fellow. I think he just used plain old VHT engine paint.
