Tickford Vehicle Engineering (TVE) was responsible for numerous automotive projects and upgrades for Ford Australia between 1991 and 2002. In 1999, TVE setup Ford Tickford Experience (FTE) as a competitor to Holden Special Vehicles (HSV). In 2002, the operations changed to Ford Performance Vehicles (FPV) coinciding with Tickford's global operations being bought out by Prodrive

### Tickford Vehicle Engineering - Wikipedia

Engineering is what engineers do, and by professional standards they must do their engineering "right." This involves assurances of health, safety, reliability, avoiding environmental harm, quality, durability, and economy. Yet, many of these concepts involve trade-offs such as planned obsolescence, cost/benefit analysis, and risk management.

### Engineering Ethics: Only Your Reputation Is at Risk

The networking opportunities thought the U of M engineering program are vast and powerful and helped me secure internships at Ford, BMW Manufacturing (Spartanburg, South Carolina), BMW M (Munich, Germany), Tesla Motors (Palo Alto, California), and ultimately my dream job in Ford Performance Vehicle Dynamics working on the Shelby Mustang GT350 ...
