Strategic planning is an organization's process of defining its strategy, or direction, and making decisions on allocating its resources to pursue this strategy.. It may also extend to control mechanisms for guiding the implementation of the strategy. Strategic planning became prominent in corporations during the 1960s and remains an important aspect of strategic management.

Strategic planning - Wikipedia

Brinkmanship (or brinksmanship) is the practice of trying to achieve an advantageous outcome by pushing dangerous events to the brink of active conflict.The tactic occurs in international politics, foreign policy, labor relations, contemporary military strategy (by involving the threat of nuclear weapons), and high-stakes litigation.The maneuver of pushing a situation with the opponent to the

In high-context communication, on the other hand, communication relies to a much larger extent on indirect and nonverbal cues. In low context communication, communication is direct, delivered in a matter-of-fact tone, transparent, assertive, and sender oriented, where the responsibility for clear communication rests with the sender.

Intercultural Communication: Cultural Barriers

Consensus drives every aspect of NQF work. Expert committee members represent diverse interests from every healthcare sector. Measures are endorsed by NQF only after thoughtful discussion and debate from across the healthcare community. And recommendations for use of measures in federal programs are made with input from public and private stakeholders alike.

NQF Projects - National Quality Forum

To ensure that all patients are protected from injury while receiving care, NQF has developed and endorsed a set of Serious Reportable Events (SREs). This set is a compilation of serious, largely preventable, and harmful clinical events, designed to help the healthcare field assess, measure, and report performance in providing safe care.
