### The Laws Of Subtraction Six

The Laws of Simplicity is a 100-page book I wrote just as the Apple iPod was starting to take off and while I was earning my MBA as a kind of "hobby."LOS has been translated into more than 14 different languages -- and has now been around for over a decade. I never finished the sequel to LOS, but I wrote a short book on design, tech, and leadership as a form of therapy, entitled ...

The laws of thought are fundamental axiomatic rules upon which rational discourse itself is often considered to be based. The formulation and clarification of such rules have a long tradition in the history of philosophy and logic.Generally they are taken as laws that guide and underlie everyone's thinking, thoughts, expressions, discussions, etc.. However, such classical ideas are often ...
