**Neighborhoods - St. Louis Genealogical Society**  
Last month, a man was murdered in his apartment in south St. Louis in a large area that was known more than a hundred years ago as “the old Gravois coal diggings.” Much coal and clay mining took place there in the 1800s and early 1900s. There were “wooded acres, meadows, and hay fields, ponds, and dewberry patches...

Dogtown is honey-combed with mines underneath the surface. Homes are built over the old mines throughout the neighborhood and as time goes on I hope to present better and better maps of the old mine sites. There have been occasional cave-ins and I'm searching for data on those as well. Below is first a map of the mine sites.
