Starmen made their debut in the game Super Mario Bros., first found in World 1-1. It is a very rare item, only found in some levels. When Mario or Luigi gets it, they will turn invincible, allowing them to destroy enemies and go through hazards without getting hurt (though they will still lose a life if they fall in a pit or run out of time). However, the star's power is only temporary, and it ...

One always came across Han Solo in a remote spaceport - whether it was Tatooine or Utapau. And also the mysterious weapon of the Empire, the Death Star, had always been there; initially as a simple space station and only later as the actual deathly weapon. But only in the last two versions of the script, one entered the Death Star.
